

IT'S A BIRD...  
IT'S A PLANE...IT'S

# GUINERSTUMP

What the heck is going on down there? It looks like a war! I was trying to help find that airplane that disappeared down by Australia but I wasn't any help at all. I'll go down here and see what I can do. Who knows? Maybe I can straighten out their problem.

Schmerling

What kind of a mess did I get myself into? I can't tell the difference between these guys. It looks like they don't want my help anyhow. Oh, well, let them fight it out. It will probably be over soon and things will be back to normal.
